

# Town of Pulteney Historian Report

October 2014

A while after receiving the glass negatives from Cory Ryan of Richmond, Virginia and pictures from the negatives, I received the glass negatives and pictures developed from them from his sister, Peggy Jordan Harvey of Dallas, Pennsylvania. Some pictures were hard to distinguish, but a few were good. I especially like the one showing what the parlor looked like. There was one photo of two boys standing in the vineyard overlooking the Bluff. I wish it had been clearer. I took it to Frames Galore and he couldn't make it any better, unfortunately.

Sharon Peck just gave me a few more newspapers from the Prattsburgh Historical Society to go through. We may already have them, but I'll call Pat Gowin, Edna Tears, and Dennis Vai to go through them.
